SPACE TABLE
by Sabine Appel

Assembly:

SPACE includes screws and tools for assembly. Carefully place the tabletop on a soft blanket that can't scratch the surface and mount each leg one at a time.

Important

Do not overtighten the screws, only torque until the initial resistance.

Cleaning and maintenance of SPACE table

Daily cleaning of the Linoleum tabletop

Wipe down the surface with a clean moist, microfiber cloth.

Regular maintenance of the Linoleum tabletop is highly recommended due to the organic surface. Linoleum cleaning solvent is a sope-based cleaning liquid with the added benefit of protecting the surface.

Daily cleaning of the oil-treated oak tabletop

Wipe down the surface with a clean moist, microfiber cloth. Take care of not using any cleaning solvents or chemicals.

If desired, treat the oil-treated oak tabletop as needed with various wood and teak oils. As a result, the oak tabletop will become beautiful and resistant to dirt and discoloration.
